NUMB. 3039

SATURDAY DECEMBER 17, 1743.

Rome, November 30.

On the 24th of this Month Cardinal Aquaviva gave a grand Entertainment on account of the Birth-day of the Queen of the Two Sicilies; at which were present the Chevalier de St. George and his two Sons; the Cardinals Caraffa, Borghese, Antonio Ruffo, and Cor-

Distinction, of both Sexes, well affected to the Royal Families of Spain and Naples. The Day before Yesterday, in the Morning, we felt here a slight Shock of an Earthquake, which alarm'd us very much, but happily did no great Mischief. It is impossible to express the Misery felt by the poor People, thro' the long Stay of the Spanish and Austrian Armies in the Ecclesiastical State; and it is thought, that the Pope will, at length, send himself under an absolute Necessity of applying some more effectual Methods for the Redress of these Mischiefs, than have been hitherto used. Some have suggested, that this will be brought about by a Confederacy amongst the Neutral States of Italy; but this, our wisest Politicians foresee to be a slow, and, very possibly, an impracticable Method.

Dresden, December 11. There still continues a very close Correspondence between this Court and that of Vienna; which some attribute to a Scheme of Peace, and others to a new Plan for carrying on the War, in which we are to take Part as Auxiliaries. But as to the Motives of this new Resolution, or the Advantages which the Electoral Family may reap therefrom, are still impenetrable Secrets. It is, however, rumour'd, that the Armies of the Queen of Hungary will, next Spring, be reinforced, by 12,000 of our Troops, 7000 Danes, and 10 or 11,000 Men that are to be hired from different Powers in Germany.

Mannheim, December 13. Our most Serene Elector is perfectly recovered of the Small Pox, that he no longer keeps his Bed; and his Electoral Highness has admitted most of his Ministers, and some other Lords of the Court, to confer with him in his Bed-Chamber. Baron Palm, the Queen of Hungary's Minister, arrived lately at Stuttgart, and we expect him here very soon. His Excellency, it is thought, will be charged with certain Propositions to the Elector; some of which will be accepted, and others refer'd to a more mature Deliberation. We pretend, before-hand, to guess, that he will have it in Commission, to desire Leave to erect Magazines in this Electorate, and in the Duchy of Neuburg, for the Assistance of the Austrian Troops during the next Campaign; and that he will farther propose the taking a Body of Palatine Troops, either into the Army of her Hungarian Majesty, or of some Power in Alliance with her. The strict Union between this Court and that of Franckfort is so evident, that we cannot imagine that any Steps can possibly be taken in this Affair, which shall, in any manner, prejudice the Interests of his Imperial Majesty. We are besides satisfied, that a Convention has been lately concluded, by which our Court stipulates to furnish 4000 Men, as its Contingent, in order to form an Imperial and Neutral Army, which is shortly to assemble. We apprehend from several late Actions of the French, that they propose suddenly to pass the Rhine with a very considerable Body of Troops.

Paris, December 19. The Parliament has lately pass'd several fresh Edicts for raising Money. Amongst the rest, one for taxing the Treasurers of France, and all who are supposed to have acquired easy Fortunes, by having to do with Publick Money. This Method will certainly bring in a vast Sum, but then it never can be repeated again; so that we fancy such Efforts will be made only once, as must render a Peace necessary by the following Winter. A great Body of Traders in this City, under the Name of themselves and those for whom they are Factors, have petitioned the King, that the Company at St. Maloes may not be suffered to send speedily more Ships to the Spanish West-Indies, because they are very largely interested in a Squadron of seven Sail departed from Cadiz; and therefore they are apprehensive, that if such large Quantities of Goods arrive at the same Time in those Parts, it will lower their Price to such a Degree, that very little, if any Thing, will be got by them. Upon which his Majesty has been pleas'd to direct, that the Company of St. Maloes should be restrained from sending any more Goods to the Indies, till an authentick Account can be had of the Arrival of the Cadiz Squadron.

Limerick, December 6. Yesterday a Horse-stealer, who

had been apprehended near Cahircionist, was rescued from four Men, who were bringing him to Town, at the Gallows Green. One of the Rescuers fired a Pistol, laden with Small Shot, at one of the Persons who guarded the Prisoner, which he received in his Breast; but he is thought to be in a fair Way of Recovery.

Dublin, December 10. Last Wednesday the Præmiums of 15 l. 10 s. and 5 l. promised by the Dublin Society, for the best, second best, and third best, Parcels of Hops of the Growth of the Year 1743, in this Kingdom, were determin'd at the Market-House in Thomas-street. Twelve Candidates appear'd, and their respective Bags, each containing 200 Weight, being marked with Numbers, and Samples taken from each Bag, the Samples were placed in a private Room on Papers, which had the Correspondent Numbers written on the under side of them. Then six Citizens, well skilled in Hops, were desir'd to pitch upon the three best Parcels, and they unanimously agreed upon three Samples as the Best, second Best, and third Best; and upon examining the Numbers written underneath, it appear'd, that the first belonged to Mr. Jones of Mullincrib, in the County of Kilkenny; the second to Mr. Samuel Ely of New Ross, in the County of Wexford; and the third to Mr. Sutton of Wexford. Accordingly the Præmiums were adjudg'd and paid to the said several Persons. All the Bags, except two or three which were over-dried, were of good Condition, Colour, Strength, and Flavour; and the three which got the Præmiums, were as good as any import'd.

The same Day died at his Lodgings in Dame-street, Capt. William Montgomery, of Col. Laffel's Regiment of Foot.

We hear, that Wednesday the 18th of January next, is appointed for the Trial of the Right Hon. the Lord Netterville, which is to be in the Court of Requests in the Parliament House, which will be fitted up for that Purpose.

We hear from Cork, that last Week a French Ship, laden with Salt, for Dublin, was cast away in the Bay of Clanikilly; and that all the Men were saved, except the Master and Mate, who were wash'd over-board; also that a large Ship bound from London to Gibraltar, with Bale Goods and Provision, struck on the Rocks near the said Bay, and was deserted by the Master and Men; but by the Care of Mr. Cheney, a Revenue Officer, and several Gentlemen of the Country, she was brought in safe to a Creek adjoining.

Last Tuesday the Lord Mayor, Aldermen, Sheriffs, &c. attended by the City Officers, waited on his Grace the Lord Lieutenant, with a most dutiful and loyal Address to his Majesty.

The following Promotions having been made in the Second Battalion of the Royal Regiment of Foot, under the Command of Major-General St. Clair, while abroad in America, have been enter'd in the Secretary's Office.

it is of no Use, which cannot be permitted without great In-  
convenience; there being not many more printed of these

**The KING, on a Representation made to him of the**  
**many successful Cures performed by**  
**Dr. John Hooper's FEMALE PILLS.**  
For many Years in his own private Practice as a Man-  
wife and Ap. tuary, in all Cases more peculiarly incident to  
the Female Sex; and as, since their Publication to the World,  
they have been found of more general Use in these Cases, than  
any Medicine ever yet invented: In order therefore to secure  
the Property to the said Dr. Hooper, and his Assigns, he has  
been most graciously pleased to grant his Royal Letters  
Patent under the Great Seal of Great Britain.

These PILLS, by long Experience in private Practice, have  
been found the most useful Remedy against those general Com-  
plaints the Female Sex are subject to; they cleanse, purify,  
and cause a free Circulation of the Blood, when in a Manner  
stagnated; open those Obstructions which Virginity is liable  
to, and bring Nature into its proper Channel, whereby Health  
is recover'd, and the Patient, that look'd like Death, recover'd  
to a lively Complexion. They are the best Medicine ever dis-  
cover'd for young Women, when afflicted with what is vulgarly  
call'd the Green Sickness, which two or three Boxes will cer-  
tainly cure; and are also excellent for the Palpitation of the  
Heart, Giddiness, Loathing of Food, bad Digestion, Pain of  
the Stomach, a Heaving of the Arteries of the Neck, short  
Breath upon every little Motion, Sinking of the Spirits, a  
dejected Countenance, and Dislike to Exercise and Con-  
versation; and likewise for the Scurvy. For all which Disorders  
they are a never-failing Cure, and are to be given from 14  
Years old to seventy. They are likewise equally proper for  
married Women, unless when with Child, and ought always  
to be taken one Month after Delivery; for they cleanse the  
Body, and purge off those gross Humours, which, when re-  
tain'd, generate numerous Diseases, and render Women  
unhealthy all their Lives; and therefore should be taken by  
Women at the Age of Forty-five or Fifty, to prevent those  
Disorders that usually attend them at that Time. The PILLS  
have likewise been found a Sovereign Remedy either for Men  
or Women, in all Hypochondriac, Hysterical, or Vapourish  
Disorders; for they exceedingly strengthen the Nerves, drive  
off all gross Humours tending to Melancholy, invigorate the  
fading Spirit, and cause an universal Cheerfulness in the  
Body. They are Cordial to the Stomach, and agreeable to the  
Smell and Taste.

By Virtue of the Patent above-mentioned, I have appointed  
Messieurs William and Cluer Dicey, and Comp. and John  
Newbery, my ONLY VENDERS of these Female PILLS; to whom  
all Persons are desired to apply for them, at their Warehouse  
the Bible and Crown without Temple-Bar, and at Dr. Hooper's  
man's Warehouse in Bow Church-Yard, London; or at their  
Printing Office in Northampton and Reading; or at all other  
Places, Merchants, Captains of Ships, and Country Dealers  
will have good Allowance to sell again; and particular Notice  
in any Language will be printed for such as shall require it.

So sold at Retail at my House in Reading.  
JOHN HOOPER.

**BY APPOINTMENT TO  
HIS ROYAL HIGHNESS  
THE DUKE OF BRUNSWICK  
HOOPE'S FEMALE PILLS  
BY THE KING'S  
TENT, the same as in the  
Price One Shilling the Box.**

**L O N D O N:** Printed for M. COOPER, at the Globe in Pater-Noster-Row.
